Programming animations

Year 1 – Computing – Summer 2

	Key Objectives:	Start of unit	End of unit
	Can I create a set of instructions (called an algorithm) to run my program?		
	Can I test the programs I have created?		
	Can use commands to move a sprite?		
	Can I plan out a program in detail and create a program that uses a sequence?		
	Can I create a precise algorithm and run my program?		
	Can I use simple keywords in search engines?
